The City of Olean and its partners -- the City of Salamanca; Towns of Allegany, Portville, Olean and Salamanca and Villages of Portville and Allegany -- need your help establishing a plan for a multi-use recreation trail system along the Allegheny River. The goal of the project is to explore opportunities to improve waterfront access, promote the underutilized river corridor, and attract recreation-based businesses to strengthen the local economy. Please attend our community workshop to learn how you can be involved and express your input on the project.
